Chun Hui Pak & Tendrell

RAINBOW • November 3 – December 15

William and Kathleen Laziza in  
MIXOLOGY and 7 selected  
BEST OF SHOW  
Artists

## About Micro Museum

Founded in 1986, Micro Museum is a not-for-profit art center with a mission to support and exhibit both emerging and established independent artists in a collaborative environment conducive to interdisciplinary activity. There is a permanent collection of cyber-art constructed and programmed by co-founders, Kathleen and William Laziza. The museum is conveniently located at 123 Smith Street in downtown Brooklyn and gained control of the ground floor space in 2002, thereby doubling its capacity. A creative hub to hundreds of working performing artists and students, the museum also houses a performance /video-art archive of hundreds of tapes, as well as the 78 RPM record collection from the MET. Micro Museum represents a rarified community art institution in NYC, unencumbered with "red-tape" and therefore inspiring uncatogorical and spontaneous art for 21 years on Smith Street. Always expect the unexpected at Micro Museum!

The museum is open to the public every Saturday between 12-7PM, year-round. Or by booking an appointment anytime (718) 797-3116. There are impromptu, one-evening exhibits of drawing, painting, printmaking, and collage by guest artists though "Open Walls" on select Saturdays with an "Instant Reception" from 5-7PM. Furthermore, the museum produces a broadcast TV program featuring new and unknown artists called "Spontaneous Combustion" airing monthly on Brooklyn Community Access Television since 1994. Additionally in 2005 Micro Museum initiated a collaborative enterprise as the Brooklyn Cultural Circuit to promote tourism locally with 10 other outstanding partners.

Directions: F/G Trains to Bergen Street, B65/B75 to Dean/Smith Streets  
BQE to Atlantic Ave. or drive over Brooklyn Bridge on Adams to Dean Street  
Meter parking on Smith St. or Municipal parking at Court St./Atlantic Ave.
